FOR STUDENTS WHO WISH TO DECLARE THE HDP MAJOR BEGINNING IN FALL 2012

HUMAN DEVELOPMENT MAJOR REQUIREMENTS

A bachelor of arts degree in human development will be given to students who satisfactorily complete the general-education and graduation requirements of Marshall, Muir, Revelle, Roosevelt, Sixth or Warren College in addition to the Human Development Program requirements, which include 21 courses (8 lower division and 13 upper division). In accordance with UCSD academic regulations, upper-division courses used to satisfy major requirements cannot be applied towards minors (please note there is some overlap permitted for double majors). See college and major advisors for questions and restrictions.

THE HUMAN DEVELOPMENT MAJOR

The scientific study of human development focuses on issues of growth, development, and behavioral change across the lifespan. The Human Development Program is interdisciplinary, incorporating courses from the departments of Anthropology, Biology, Cognitive Science, Communication, Ethnic Studies, History, Linguistics, Literature, Psychology, Sociology, Education Studies, and the Urban Studies and Planning Program. The curriculum is designed to emphasize the idea of development as an essential perspective from which to understand human behavior.

CAREER GUIDANCE AND ADVICE

A major in human development is designed to impart fundamental skills in critical thinking, comparative analysis, research analysis and written expression. The interdisciplinary bachelor of arts degree in human development allows students considering admission to graduate schools, professional schools or gaining employment to competitively meet many of the necessary prerequisites and requirements. Students interested in advanced education and career specific courses should meet with an HDP advisor for guidance and assistance in selecting elective and major courses. A human development major can offer preparation for teaching in elementary schools. Students interested in earning a California teaching credential from UCSD should contact the Education Studies Program as early as possible.

APPLYING FOR THE HDP MAJOR PROGRAM

Students who wish to declare the HDP major must meet pre-major requirements and apply for entrance into the HDP major. All lower division requirements must be fulfilled before applying for the HDP major. All lower-division courses must be completed with a letter grade of C- or better. The cumulative GPA for the eight lower-division courses must equal or exceed 2.75. Students must meet with an HDP advisor to obtain approval to declare the Human Development major before their senior year.

GRADE REQUIREMENTS FOR THE MAJOR

A minimum grade-point average of 2.0 in the major is required of all students seeking the bachelor's degree in Human Development. Students must receive a grade of C- or better in all upper-division courses counted toward fulfillment of the major requirements. **All courses taken to satisfy the Program's lower- and upper-division requirements must be taken for a letter grade. HDP 1, HDP 150, HDP 181 and HDP 191 must be taken in residence.**

A list of courses approved for HDP major requirements is attached. Please see an HDP advisor for specific questions regarding curriculum planning.

REQUIREMENTS FOR DECLARING THE HDP MAJOR, BEGINNING FALL 2012

Applying for the Human Development Major:
